

I joined Edmund Carr in November 2016, having completed my A Levels at St John Payne School. Since then I have completed my AAT. I am now continuing my studying to achieve my ACA qualification. Being a member of the ICAEW and Level 7 apprenticeship programme involves not only passing exams but completing ethics programmes and several reviews.

I work in the accounts and audit department where I prepare accounts and audit a variety of companies and charities. Since Covid-19 the audit department has adapted to work remotely, using a number of online programmes to communicate.

Michael Letchfield AAT
ACA Trainee
