

I joined Edmund Carr in September 2017 after completion of my A-levels at the Sandon School. I began on a two-year training contract working towards my Certificate in Finance, Accounting and Business (CFAB).

In December 2018 I successfully completed my last exam and gained my CFAB qualification. I am now beginning my studying towards my ACA qualification. I attend college for this on a block release basis at First Intuition which allows me to be able to apply what I have learnt in college to my work in the office and helps me to gain a better understanding of the course and put theory into practice.

During my time at Edmund Carr I have received lots of support from my designated mentor, and there is always a member of staff willing to help with any queries I may have. This has allowed me to gain confidence and knowledge and progress well within the firm.

I also receive a lot of support from First Intuition with regards to my studying, there is always someone available to answer any queries or concerns you may have and they offer lots of extra support and study days should you need it.
